

Cards/Tasks to Work On this week

1. Create Module for Transit Point Management (Name, District, Telephone, Name of Manager)
2. Create Module for Courier/Transporter (Name, Registered Office, Contact, Address) - for Every Sample, Attach the Name of the Currier Eg. CPHL Hub Rider, MOH Ambulance, Posta Uganda
3. Add Summaries Table on the Dashboard (No. Samples Sent to each of the Top 5 Destinations, Top Five Districts Where Samples have been Registered including the Count, The Most Active Transit Point, Summary of Sample Status eg. 10 Received Intact, 5 Received Open, 0 Broken Seals)
4. A Report that Shows Disease Statics - What is least or Most Reported
5. Show all Notifications Sent out (A System Inbox)
6. Generate Reports in PDF/Word/Excel
7. Add all Health Facilities By District Aggregation
8. Look at <https://tracker.cphluganda.org/samples/all/status> and how they show registered samples.

Remember in our case, Hub mean Transit Point
